

THE JOY OF MOTION

M.P.C.E. SPONSORED
AFTER SCHOOL WORKSHOPS
HELD AT GODWIN SCHOOL
Grades K-6

General Dance & Tumble Class Description:

In these fun and exciting classes, students will work on movement combinations that will challenge their minds and bodies and will explore a wide variety of skills including dance, gymnastics, balance beam, rhythmic play, creative expression, and the use of toys and props! Instructors will work with the students to enhance their strength, flexibility, coordination, muscle control, and self-expression through dance, gymnastics, music and rhythm. This program is designed with the children in mind and places as much emphasis on bolstering confidence and self-esteem as it does on improving gross motor skills.

Circus Fun:

Fee: \$25

Tuesday, April 30, 2019, 3:15-4:15 Godwin School

In this class, we will practice our Circus performance skills as we try our hands at tumbles and tight rope (balance beam) walking, leap and jump over the circus's most lovable (stuffed) animals, and even clown around with some scarf juggling!

A Safari Adventure:

Fee: \$25

Tuesday, May 7, 2019, 3:15-4:15 Godwin School

Explore the African jungle while we move and groove to the jungle beat, emulate the movements of wild animals, and travel through rivers and over bridges (balance beam) along our journey!

Ahoy Matey:

Tuesday, May 14, 2019, 3:15-4:15 Godwin School

Fee: \$25

Set sail as a pirate for a class that is sure to be a splash! Its treasure we're after! We may encounter some obstacles as we chart our course, but we won't give up! Will we find the treasure before the class is over? Either way, we'll have fun trying as we move our bodies to pirate songs and enjoy the rhythm of the ocean.
